COMING SOON: JHSC Certification Part 1 eLearning

Effective May 1, the Ontario Ministry of Labour, Training and Skills Development (MLTSD) enacted new changes to the JHSC Certification Training Program and Provider Standards. These revised changes include allowing JHSC Certification Part One training to be taken entirely online.

PSHSA's new JHSC Certification Part 1 eLearning program engages learners with a positive, immersive experience that reflects the very best in instructional design and technology, and provides organizations with a new option for accessing the training and certification they need.

How Prepared is Your Organization to Return to the Workplace?

The need for preparedness, thoughtful planning and coordination will be fundamental for organizations to manage a safe and sustainable Return to the Workplace.

PSHSA's new **Readiness Assessment** is a self-administered questionnaire to help organizations assess how prepared they are for returning to the workplace following COVID-19. It is meant to prompt thinking and bring to light considerations for a safe & sustainable Return to the Workplace. From there, the **RTWp Roadmap** helps businesses develop their Return to the Workplace action plan. Structured into 3 stages of recovery, the Roadmap outlines specific control measures for people, places & things with considerations for evidence-informed health & safety advice and practical solutions.

New CSA Group Q&A Documents Related to Bioaerosols & Airborne Infectious Substances

To help promote accurate knowledge as workers across the country are returning to their places of employment and have PPE-related questions, CSA Group has released two new official Q&A documents related to bioaerosols and airborne infectious substances for the following standards:

- **CSA-Z94.3:20, Eye and face protectors**
- **CAN/CSA-Z94.4-18, Selection, use and care of respirators**

You can access these important Q&A documents on the **CSA Group OHS Public Community Space** and the **COVID-19 Response Standards and Handbooks Space**.

XXII World Congress on Safety & Health Postponed

In light of COVID-19 and in keeping with public health guidance, the World Congress is being postponed to September 19-22, 2021. The XXII World Congress will still take place at the Metro Toronto Convention Centre in the heart of downtown Toronto, Canada exploring the Congress theme, *Prevention in the Connected Age: Global solutions to achieve safe and healthy work for all*. The Congress is also being expanded to include virtual options, including live streaming to facilitate further global engagement.
