PSHSA'S 2019-20 Annual Report: PIVOT

This past year brought to light our collective agility to pivot and meet new, unprecedented workplace challenges head-on. Our annual report acknowledges the changing mindsets and practices in health & safety over the past year, and speaks to the incredible efforts by our organization, our people and our clients to adapt and thrive within this new context.

Save the Date: *The Workplace, Reimagined*

There is no denying that COVID-19 has propelled an enormous shift in how and where work gets done. Through all of this, we often talk about the future of work. The reality is that it's already here – we are reinventing the workplace in real-time.

PSHSA's next virtual conference will take place on **November 17, 2020**, recognizing how the pandemic has changed our world of work, and looking forward to where we go from here. Designed for organizational leaders across Canada, the conference will gather innovative perspectives on what this new world of work should look like. Stay tuned - registration opens soon!

New October Dates! Home Office Ergonomics Wellness Bootcamp

Working without the proper ergonomic setup is an occupational hazard as it significantly increases your risk of developing a number of musculoskeletal conditions. Even if you don't have access to a fancy ergonomic office chair or sit-stand desk doesn't mean the environment can't be modified for the better!

In recognition of **Global Ergonomics Month**, join us throughout October as we discuss common ergonomic challenges in the home setting and guide you through exercises to help combat them.

Increase Your Awareness of Occupational Stress Injury

Are you a Nurse or First Responder? We want to hear from you! PSHSA has partnered with the Conference Board of Canada to test a new screening tool for early recognition of Occupational Stress Injury risk. Complete the confidential assessment and receive a confidential, personalized report outlining your risk level with tips for maintaining or improving your score.

Upcoming Distance Learning Courses

PSHSA's Distance Learning is facilitator-led training delivered online in real-time. The instructor teaches in a virtual classroom, leading learners through discussions and exercises while providing ongoing feedback and support throughout the live session. Distance Learning ensures remote access to the health and safety training Ontario workers need and provides participants with the same critical content and access to expert guidance as the classroom

equivalent.
