Enhanced Vaccine Certificate and Verify Ontario App

As of September 22, you must provide proof of full vaccination against COVID-19 and personal identification to access certain businesses and settings. Your proof of vaccination is your vaccine receipt or enhanced vaccine certificate with a QR code. Now available to everyone, the enhanced vaccine certificate is an easier and more convenient way to have your proof of vaccination verified.

Verify Ontario is the official mobile application for businesses to scan COVID-19 proof of vaccination QR codes at entry. The app is now available for download and no internet connection is required to use the app.

Ontario Introduces Gradual, Cautious Approach to Reopen the Province

The Ontario government, in consultation with the Chief Medical Officer of Health, has released [A Plan to Safely Reopen Ontario and Manage COVID-19 for the Long-Term](#), which outlines the province's gradual approach to lifting remaining public health and workplace safety measures by March 2022.

Supporting a Harassment-Free Workplace During Vaccine Policy Implementation

The province has officially introduced [vaccine policy](#)

requirements for high-risk settings and is now requiring **proof of vaccination** to enter certain businesses. Organizations are encouraged to have robust communication and education plans in place to support comfortable, positive compliance within the workplace. This may increase the potential for challenging or uncomfortable conversations in the workplace, as well as the potential for workplace harassment.

Posture Check! Ergonomics Matter 365 Days a Year

More than ever before, workers are doing their daily tasks from the “comfort” of their own homes. This Global Ergonomics Month, take a look around you and ask yourself: How’s your posture? Does your dining room chair provide enough support? How low is your screen sitting? Is your keyboard at an uncomfortable angle?

Updates from Ontario's Prevention System

Ontario Providing Financial Relief to Employers

Ontario's Workplace Safety and Insurance Board (WSIB) is cutting premium rates in 2022 by \$168 million, bringing the total reduction in premiums since 2018 to \$2.4 billion. In addition, the government is intending to introduce legislation that, if passed, would allow for a significant portion of the WSIB's current reserve, currently valued at \$6.1 billion, to be distributed to safe employers. This proposed change would help employers cope with the impacts of COVID-19.

Tip: To benefit from lower premiums for years to come,

employers are encouraged to invest savings into prevention initiatives, like participating in the [Health and Safety Excellence Program](#).

Ontario Introduces Legislation to Create a Better Future for Workers

The Ontario government is introducing legislation that, if passed, would better protect, support and attract workers to the province. These proposed new measures position Ontario as a first mover in charting the path forward as the way people work changes. The proposed changes would promote healthy work-life balance and ban non-compete agreements.
